

## **Greystone Mansion Titans of Business and the Best of Design**

*Design House International, the City of Beverly Hills and the Friends of Greystone Mansion invite you to experience magnificent interior design inspired by some of the most revered "titans" of American business.*

### **Greystone Mansion Showcase House Theme: Titans of Business and the Best of Design**

Design House International (DHI) has taken the Showcase House to the "next level" with the Titans of Business and the Best of Design theme. Our rationale for this compelling theme is grounded in the premise that interior designers influence style, and their accomplished clients influence many of our daily lifestyle choices.

Many of Los Angeles' most accomplished interior designers will transform Greystone Mansion into a unique expression of creativity and power — with rooms inspired by their own accomplished clients or iconic "titans of business," entertainment, technology, lifestyle and fashion. The interior designers will reveal the taste/décor preferences of those who have truly impacted our daily lives. Thousands of affluent consumers and interior designers will visit the homes and enjoy a once-in-a-lifetime opportunity to experience exquisite home design of America's key business leaders.
